To meet the growing demand of the DIY market, Fuji Spray<sup>®</sup> has introduced the most powerful 2-stage system on the market. The Fuji Spray Semi-PRO 2™ HVLP Spray System offers features like no other in its price range.

The Semi-PRO 2™ is an industrial grade unit, designed for the DIY/ Serious Hobbyist.

The Fuji M-Model™ Non-Bleed Spray Gun has many professional features including a Fan Control Knob to adjust pattern size from small circular to wide (and all increments in between).

This combined with a 1400 watt 2-stage Bypass Motor in Metal Turbine Case ensures that a great finish will be achieved with almost any type of coating.

All Semi-PRO 2™ Systems include a full 25ft Hose, Quick Connect Coupler and Air Control Valve plus a 20 page User Manual.
